**Developing the Foundation ...**Covenant *d*isciples**Character and Relationship.**

As with most everything in life, and certainly our lives as leaders,  
... it all starts with character!  
His character is us!  
... and is developed through relationship!  
Our relationship with Him!

The Leadership Course Foundation Principles specifically deal with this aspect,  
... this fundamental and essential aspect of Leadership!

**Developing your potential.**

Knowing your potential is the first step in successful leadership,  
... but it is a potential that unless it is recognised AND developed,  
because,  
... potential alone does not make leaders.

That potential must be developed,  
... developed so that you can achieve that vision and goal God has put in you.

The Leadership Course Foundation Principles also lays the foundation,  
... to developing this potential,  
to both recognise and achieve your goal.

**Knowing your goal.**

Knowing and stating your goal is of utmost importance,  
Because ...  
If you do not know where you are going,  
... you will never get there!  
Neither will you be able to lead anyone else there.

**Communicating your goal.**

Unless those who are looking to you for direction,  
... are clear about where you are going,  
How can they follow you?  
How can they trust you?

Remember, communication is a cornerstone in leadership!

**What is your strength?**

If you don't know, who will know and who will follow you?

More important is... know who your strength is and relying on Him!

**Authority and strength.**

Authority is not your strength,

... (everyone has authority from God – Gen. 1:26-28 & Psalm 8:3-6)

But,

The establishment of your authority as a leader,

... comes from and is built on, your strength!

Knowing your strength therefore is of utmost importance as a leader,

... and to ensure success!

**A successful leader!**

A successful leader is NOT one who manages to reach or attain his goal,

But,

... a successful leader is one who manages to get his followers (disciples) to the goal!

**Leadership Course Foundation Principles**
